## PROJECTS

---

**Back In Stock Notifier**

2025

- Developed an e-commerce platform with automated email alerts for restocked products using Amazon SES and MySQL.
- Designed responsive user interfaces supporting authentication, cart, and subscription workflows.

**PDF Editor**

2025

- Developed a web-based PDF editor enabling content modifications, downloads in multiple formats, and conversion history tracking.
- Streamlined user experience with an intuitive interface for seamless editing and file management.

**Google Books API Search Engine**

2024

- Built a dynamic, responsive book search web app using the Google Books API for real-time search across a vast database.
- Added advanced features like customizable filters and voice-enabled input to improve accessibility and user experience.

## CERTIFICATIONS

---

- Spoken Tutorial Certification in Java – IIT Bombay
- Fundamentals of Object-Oriented Programming – NPTEL
- Smart Coder – Smart Interviews
- Cambridge English Interchange Level 3 Course

## ACHIEVEMENTS

---

- Finalist – Ideathon by The Boring Education
- Shortlisted – Internal Smart India Hackathon (SIH)
